

THE FOUR PILLARS

Every business, no matter what they offer, can be broken down into 4 Pillars: Sales, Marketing, Systems, and Teams. We cover the first two in our Growth program and the second two in our Leverage program.

Growth is designed to get you to 10k per month, consistently

Leverage takes you to multiple six and seven figures, while gaining your life back

THE THREE KEYS

In 20 years of working with entrepreneurs, we have found that entrepreneurs get stuck when they Lack Clarity, Lack Confidence, or Lack Accountability. The three things you will always get from Boldheart are:

1) STRATEGY

We will give you the step-by-step recipe to follow.

2) MINDSET

We will give you tools to stay in a space of faith and confidence.

3) COMMUNITY

We will surround you with a bubble of love and support so you never feel alone.

THE TWO ELEMENTS

Our program is broken into two elements: Education and Execution.

Education + Execution

On the Education Side, you will get quarterly training covering one of our 8 Activators. That's why this is a two-year program - you'll implement one Activator Topic every 90 days.

And about every week you'll get a short video sharing one of the Foundational Principles of Sales, Marketing, Systems or Teams plus access to our Boldly Close the Sale Program, which will help you set up the 9 step Sales Process that Fabienne uses and teaches to maximize conversions while loving your clients and closing really authentically.

Then, we customize that to you and your business in the Execution side of our work...

THE PYRAMID

PLUS: Live Retreats throughout the year (June/January for Growth; March/June/September/December for Leverage; October for The Mindset Retreat)

AND 24/7 access to our loving and supportive community of high-achieving spiritual entrepreneurs in our private Facebook group where you can network and ask for referrals to trusted vendors.

THE INVESTMENT
